CERVEZAS DE CASA

Night Shift IPA

Cashmere hops take center stage with a strong character of melon and tangerine in this west coast style IPA (read: bitter IPA! This is not a NE Hazy IPA here). Lesser additions of Idaho 7, El Dorado, and Citra add complexity by imparting tropical fruit notes, and some light piney/resinous notes from the Idaho 7.

New Friends Pale Ale

Being a hoppy, American Pale Ale, Cascade hops couldn't be left out of this brew! Complimented by Citra, Mosaic, and Idaho 7, this beer has lots of citrus and tropical fruit notes. It has a distinct and balanced hop aroma and flavor, but more subdued and less bitter than a typical IPA.

Cerveza Blanca | Witbier

Belgian style Witbier, brewed with lots of malted and unmalted white wheat. Unmalted wheat provides a higher protein content than malted wheat, which helps keep Cerveza Blanca nice and hazy as intended. Oats smooth out the mouthfeel, but this beer still finished fairly dry and crisp. Hopped with Pacific Jade, a New Zealand variety that gives notes of melon, lime, and orange. Whirlpool additions of ground coriander and dried orange peel play well with the hops to give a little extra boost of citrus notes. Best served with an orange slice!

Güerita | Blonde Ale

This is a simple, no frills, crushable light beer. Biscuit and Toast notes from Vienna malt provide sweet, bready flavors that are balanced by light-handed additions of Chinook and Cascade hops, that provide some slight bitterness and notes of pine, grass, and grapefruit.

Alemania | Kölsch
